Christmas is rolling our way with the speed of a ball of tumbleweeds capriciously dancing before a soft desert wind and our thoughts turn toward fellow man and this earthly coil.

Wouldn't it be a terrific Christmas if our city fathers quite suddenly took deep consideration of those who spend their toiling hours and their lives in the employment of our city government.

Here as well as elsewhere in this country civil employees are the lowest paid for effort than in any other similar job outside of government.

IN PALM SPRINGS I have with rare exception bumped into a city employee who wasn't true blue and loyal to our municipal government.

For several years now city officials have been toying with the idea that a pension should be worked out for these city workers who spend the most fruitful years of their lives in municipal employment. And the toying still continues.

Now wouldn't it be a great Christmas gift if per chance our city fathers in their next session should decide to place on the ballot along with those municipal bonds for this and that — a pension proposal for the human side of our government — for the little guys and gals who work for us. And remember at a civil employee's wage too.

What a Christmas gift that would be!

I HAD NOTHING to do with

## Station Wagon Cashmere Coat Stolen Last Night

Two separate cases of grand theft, a station wagon and a cashmere polo coat, were reported to police last night.

David Lyons, owner of the Saddle and Sirolo restaurant on North Palm Canyon Drive, told officers that his 1955 white Mercury station wagon was stolen from a downtown parking lot between 12:30 and 1 a.m.

LYONS SAID HE had seen the car parked by the attendant, and that it was missing a half hour later. The vehicle was not locked, and the keys were in the ignition. The car is insured for \$3500.

Mrs. Edward Silverman reported that her white cashmere polo coat, valued at \$375, was taken while she was eating dinner about 10:15 p.m. in a local restaurant.

MRS. SILVERMAN said she saw a woman look at the coat, put it on, and leave while she and her husband were eating. When the Silvermans, who live at 982 Avenida Palmas, finished dinner, they discovered the coat missing.

Two white coats were left on the rack after all customers had left for the night.

However, up comes Neal Olsen, co-owner of the establishment with a chuckle and a laugh to inform us that the error wasn't so far afield from the truth. Look at the menu, said Neal. I did. Here is how some of the items read: Almond Chicken Ding, Almond pork ding and ding this and ding that. Thanks Olsen. You saved my face.

And Ruby of The Dunes had better start practicing on that violin of his and right quick too. My Peg wants him to know that he'll be up in the Choir Loft of Our Lady of Solitude a-playing for the midnight Mass. And he can play that violin too with or without practice, I'm a-thinking.

That was a heart rending deal in the Chi Chi the other night when Immigration officials picked up that Polish refugee. His co-workers are starting a collection, I'm told, so that he can deposit it with some country that will admit him as a prospective citizen. Shipped to Poland, he would no doubt face a firing squad.

So keep on preparing for Christmas with all the tradition that that holiday brings with it. Wish it could last all year. And who doesn't oft express the same wish.

## San Diego's Gasoline War Spreads Today

SAN DIEGO (AP)—This area's revived gasoline price war is spreading. Twelve National City stations have cut prices two cents per gallon, according to Don Cartwright, secretary of the San Diego Retail Petroleum Dealers Association.

Dealers of several San Diego major brand stations have slashed prices as much as nine cents per gallon.

## Navy Plans to Build Small Faster Atomic Submarine

WASHINGTON (AP)—The Navy plans to build a small atomic submarine, with a revolutionary-type hull. It will be more maneuverable and faster underwater than the Nautilus — the first atomic-powered submarine.

The vessel will have a flat-sided, fish-like hull design that may lead to a revolution in the shape of underwater craft. It will be about half the size of the 3,000-ton Nautilus and more comparable to the efficient attack class submarines of World War II.

The maximum underwater speed of the new sub will exceed the 25 knots credited to the Nautilus when it is submerged.

The Navy also announced that three conventional diesel-powered submarines in this year's ship-building program will be changed to the new hull design. The atomic

## Russians Insist on All or Nothing in UN Additions

UNITED NATIONS, N. Y. (AP)—Russia threw its "all-or-nothing" ultimatum on the admission of new members before the United Nations Security Council today.

Soviet delegate Arkady A. Sobolev demanded that the council vote separately on each country involved in an 18-member package deal and await final approval of its admission by the General Assembly before proceeding to the next applicant.

Britain, taking the floor just before the Soviet delegate spoke, announced that it would vote in favor of all 18 applicants. There had been speculation that the British would abstain on Albania, imperiling that country's chances of gaining the required majority.

## Crash of Jet Into British Hospital Fatal to Woman

SHEFFIELD, England (AP)—U. S. Air Force officials today opened an investigation into the crash of an American jet fighter plane which plowed through the roof of a crowded hospital near Sheffield Friday night with its wingloads of ammunition exploding.

A 46-year-old mother of five children was killed when the F84F Thunderstreak skimmed the glass roof of a ward in the Lodge Moor Hospital, tore along a glass-covered corridor into another ward and blew up on a lawn outside. Seven other persons, including three children, were injured.

The pilot, Lt. Roy Evans, 24, Pulaski, Tenn., bailed out before the crash and parachuted safely from 35,000 feet. He was hospitalized for "observation" and Air Force officials said he would be questioned as soon as his condition permits.

## New Riots Break Out in Cyprus

NICOSIA, Cyprus (AP)—British troops and Colonial Police riot squads used tear gas and batons to disperse pro-Greek student demonstrations in Nicosia today. Nineteen students were arrested.

The rioting began when pupils at a secondary school refused to attend classes and poured out of the school shouting slogans for union with Greece. They were joined by students from another school and surged through the main streets waving Greek flags.

The new atomic sub will be built at the Portsmouth, N. H., Naval shipyard and the second at the Ingalls Ship-building Corp. at Pascagoula, Miss. The contract for the third has not yet been awarded.

## Texas Prisons Have Tough Basketball Rule

HUNTSVILLE, Tex. (AP)—It's against the rules for a convict playing basketball in the Texas prison system to escape before, during or after a game.

The Texas Prison Basketball League's official rules provide that a team will be disqualified from play for the rest of the season if any of its members escape "either in transit to and from games or at the game site."

## Three Americans Awarded Nobel Prizes in Ceremonies

By KLAS ULLMAN  
United Press Staff Correspondent

STOCKHOLM, Sweden (AP)—King Gustaf Adolf of Sweden today presented Nobel prizes to the 1955 winners — three Americans, a Swede and an Icander.

The ceremony, in Stockholm's famous Concert Hall, highlighted the opening day of Sweden's 55th annual festival. Four prizes will be awarded here. The fifth—the 1954 Nobel Peace prize — will be presented to the United Nations Refugee Committee in a similar ceremony in Oslo, Norway. The 1955 peace prize has been held over.

HONORED IN STOCKHOLM today were Prof. Vincent Du Vigneaud of Cornell University, New York, for chemistry; Prof. Poly-

karp Kusch of Columbia University, New York, and Willis E. Lamb of Stanford University, for physics; Prof. Hugo Theorell, of Stockholm, for medicine; and Icelandic author Halldor Kiljan Laxness for literature.

Each prize is worth \$36,720. In addition, the winners will receive a gold statuette and a leather-bound diploma from the king.

OFFICIALS CALLED all five prize winners to a morning rehearsal to make certain they would be action-perfect for the ceremony. Tail-coated ushers shepherded them through workmen putting the finishing touches to the Concert Hall to show each the route he will take to the rostrum to receive his prize from the king. The ceremony has been un-

## Parking Meter Receipts Drop

Parking meter receipts decreased in November of 1955 compared with the same period a year ago, according to Shelby Langford, city director of finance.

Receipts last month were \$2,580, compared to \$3,972 collected in November of 1954.

The total amount collected this fiscal year is \$6,763, a little more than \$100 over the 1954 total of \$6,628.

Total amount collected since parking meters were placed in operation in the Village in March of 1949 is \$129,662.

There now are 549 in operation on Palm Springs streets.

## Present Gifts to Little House, Aid Society Asks

A Christmas "hint" for gift-giving, from the Welfare and Friendly Aid Society—is a reminder that used warm clothing and bedding is needed by them for "The Little House," their salesroom where such articles are sold each Tuesday morning for very slight prices.

A donation of this type can be made with the assurance that such articles will reach homes where they are needed. There have been many requests for heaters also, according to Mrs. Wilson Gibbs, who is in charge of this project for the society. Household utensils, linens, etc., are also needed.

Contributions may be left at the Health Center, 400 East Amado Road, or arrangements may be made to have them picked up by calling Mrs. Gibbs, phone 5287.

The next sale will be held Tuesday morning from 9:30 to 11:30 at 400 East Amado Road, when both the household and clothing sections will be open as usual.

## Leader Course of Girl Scouts to End Tuesday

Third and final session for the year in Girl Scout Leadership training will be held at the Little House from 9:30 a.m. to 2 p.m., Tuesday.

Persons planning to attend are asked to bring a lunch.

Mrs. Hazel Beebe, Red Cross first aid instructor, was the speaker at the second session, and offered a course in standard and advanced first aid after the holiday season. Those interested are asked to register as soon as possible, giving the days and hours most convenient to them so that a final schedule can be established.

## Bakery Clerk Talks too Well for Bandit

BRIDGEPORT, Conn. (U)—A young bandit entered a bakery and told the clerk, Mrs. John Mihaley: "I have a knife here in my pocket. Give me all of the money you have and you won't get hurt."

Mrs. Mihaley pleaded that if she did, she would lose her job. She told him she had a son about his age and delivered a 10-minute sermon about the foolishness of his act.

"All right, lady," said the fidgety young man, "just give me a dollar and some sugar buns."

She did and he left.

Michigan has 85 varieties of growing trees, more than any other state in the nation and more than in all of Europe.

**CAPT. GORDON L. BROCK**, of the Pasadena Filter Center, will be the guest speaker for the Ground Observer Corps meeting which will be held Tuesday night. Capt. Brock is seated behind a Raid Stand Desk. When an observer reports an aircraft to the Filter Center, the information is recorded with the disks shown in the picture, and placed on a large table map. The Raid Stand remains on the table map until the aircraft is identified. The meeting will be held at the Frances Stevens School auditorium, beginning at 8 p.m. Capt. Brock will present a number of awards as well as explaining the new procedure of reporting aircraft. The public is invited to attend.

## MOBILE HOME PARKS

By HERB RICHARDSON

Inspired by their enjoyment of the Jack Boyer Chuck Wagon Breakfast for the Trailer Rally visitors, several of the Mobile Home Parks have satisfied their wish for "more of the same":

### RAMON TRAILER PARK

Thirty Ramon residents enjoyed their own desert breakfast in Box Canyon, 12 miles from Mecca, last Wednesday. With the Holman's utility trailer serving as the "chuck wagon" to transport all equipment and supplies, a small convoy of cars drove the forty miles to this beautiful desert spot.

In "Jack Boyer" fashion, only men did the cooking while the gals enjoyed exploring the area. The ladies thought this arrangement so fine that the Ramon Breakfast Club was organized to assure further enjoyable days like this one.

### PALM VALLEY TRAILER PARK

"C. B." and Mrs. Perkins will entertain their park residents at breakfast next Sunday morning beside the swimming pool. The menu will be "chuck wagon" with hot oaks, sausage and the usual other delicious breakfast courses. The special occasion marked by this breakfast is the completion of Palm Valley's T.V. cable installation.

### RANCHO TRAILER PARK

The long planned Chuck Wagon Breakfast, in Andreas Canyon on December 4 was held at the Rancho Recreation hall instead. "Instead" of attempting to cook in last Sunday's early morning rainfall, that is, fifty-seven guests enjoyed their breakfast as cooked by Mr. and Mrs. Charles Allen, Mr. and Mrs. F. S. Clements, Mr. and Mrs. John Heyers, Mr. and Mrs. Conrad Anderson, Eunice Beal and Paul Harrison.

Breakfast entertainment was offered by "cowboy" singer Ward Strickland and Lily Strickland, followed by group singing of all present.

Hostess, Mrs. Ted Saunders and her committee are already at work on plans for the Rancho Christmas Eve party and Christmas dinner.

### BLUE SKIES TRAILER VILLAGE

Col. and Mrs. Richard Hayes have been enjoying their continued stay in the area since arriving in time for the recent Trailer Rally. Colonel Hayes is well known to Trailerists as an author and writer for Trailer Magazines, and he

is an enthusiastic sponsor of Travel Trailer Clubs of America.

### MOBILE HOME VOTERS

Many Mobile Park residents are qualified to register for voting in the forthcoming Palm Springs bond issue election. To qualify, voters must have lived continuously in the state for at least a year, in the county for at least 90 days and in the city for at least 54 days prior to the election. December 22 is last day for voter registration.

### DE LUXE TRAILER PARK

An orchestra has been formed by Mr. and Mrs. R. L. McKnight with residents Lou Weathers, organ; Bud Fairclough, piano and accordion; Charles Pittman, violin; Carl Kirkpatrick, clarinet; and Jay Peck, drums. The DeLuxe orchestra will play for Saturday night modern dancing and the regular Sunday night group singing.

After one of their largest pot luck suppers of the year on Tuesday night, DeLuxe folks were entertained with travel pictures by Charles Nelson. Christmas decorations are now being put up by many residents. A new Writers Group is being organized.

Arrived in time for Christmas are newcomers Mr. and Mrs. Howard Stillwell from Salt Lake; Mr. and Mrs. Charles Brislin from Hoquiem, Wash.; Mr. and Mrs. W. I. Sackett of Twin Falls, Idaho; and Mr. and Mrs. Paul Lewis from Republic, Mo. A Christmas visit to Acapulco, Mexico, will be enjoyed by Dr. and Mrs. Ray Schutt who will return January 1.

### TRAMVIEW TRAILER PARK

Biggest news at Tramview continues to be the work on a newly enlarged Shuffleboard Area. The three new courts have been endlessly waxed and otherwise prepared for use; no less than 35 men residents of Tramview have done this work on the new courts in addition to construction of "grandstand" seating and new score boards in preparation for the busy schedule of intra park and inter park tournaments just ahead.

Tramview women have been busy with the making of decorations for the Christmas Eve annual party which will feature exchanges of gifts, very special refreshments and dancing to the Ward Strickland Orchestra.

Busy Manager Bob Hollister is still looking for a park correspondent to write up Tramview events for the bi-monthly "Tramview News" and for the daily Desert Sun.

## Sky Ridge Park Residents Enjoy Rose Parade Films

Fred Jahnke, manager of Pasadena Coca-Cola Bottling Co., and on the board of directors committee for the Tournament of Roses, and wife, vacationed at Sky Ridge for the past month.

While in the park, he extended the residents the great privilege of viewing the sound pictures of the 1954 and 1955 Tournament of Roses parades. To those who had never seen the parade it was a revelation and to those who had seen it, a realization of some of the beauty they had missed in actuality. A light lunch was served following the showing.

ON THURSDAY evening in the clubhouse, Andy Anderson assisted by A. F. Campbell, showed interesting travel pictures of Africa, Guyana and Vera Cruz, Mexico, and one on Yucatan. They were enjoyed by a large number of the park residents, and homemade ginger-bread and coffee finished a delightful evening.

Saturday evening a turkey dinner, with all the trimmings, was enjoyed by 80 residents of Sky Ridge Trailer Park, in the clubhouse. It was executed with finesse through the capable management of Mrs. M. A. Sine with the co-operation and help of many of the park ladies. Some very unique and attractive centerpieces were used to decorate the tables which were made entirely of vegetables but resembling flowers.

MRS. JOHANNA SAILOR, a park resident, rendered several before dinner selections on her Hammond organ. The program following the dinner included community singing, more numbers by Mrs. Sailor, a comedy reading by Mary Harrison, another park resident, and

four impressive solos by the park owner, Merle Hancock.

The feature of the evening and one greatly appreciated by all those present was the beautiful execution of four numbers on the marimba by Betty Lou Ackerman, a Palm Springs teacher, very ably accompanied by Mrs. James Blackstone.

MRS. W. B. BARNHISEL, a very talented artist at Sky Ridge, has started an art class. She also has several pictures on exhibit in the clubhouse and anyone in the Palm Springs area who would like to be invited to see them at any time.

Mr. and Mrs. J. R. Banks, former residents of Palm Springs and Reno, Mr. and Mrs. Russell Hadley of Lufington, Michigan, and Mr. and Mrs. George Tucker Smith of Bishop, have been welcomed in to Sky Ridge the past week.

## Strebe Theatres Have Unique Gift for Christmas

An unusual Christmas gift is offered by Strebe Theatres, fittingly called "The Book of Happiness." It is not a novel, nor a biography—it is a fact it is of diminutive size and very unimportant looking.

But when one opens it, it is soon apparent that in reality, it is a "Book of Happiness," with a beautiful holiday design, Earl Strebe said. Within are pages and pages of coupons of varying denominations which may be exchanged for theater tickets.

These Christmas Coupon Books, or "Books of Happiness," come in three convenient sizes and are very suitable for Christmas Gifts for children and grown-ups alike, Strebe said.

## Kiwanis to Hear Talk by Krause

Arthur C. Krause, Jr., of Richfield Oil Corporation, will be the speaker at the Tuesday luncheon meeting of the Palm Springs Kiwanis Club at El Mirador Hotel. His address will tie-in with a film, "California's Buried Treasure."

## Retired Pianist Turns to Composing Music

TRAVERSE CITY, Mich. (U)—Baron Leopold Louis Oscar Paul Xavier Marie von Karczag, whose professional piano playing career ended several years ago when he injured his hand, is now writing music.

Karczag, who has shortened his first name to "Leo," was a child prodigy in music at the age of six and toured Europe and North America until his playing days abruptly ended. He now lives here.

## Scouts to Close Furniture Drive

Today, Saturday, marks the official end of the new and used furniture drive being conducted by the Kiwanis sponsored Boy Scout Troop 77 for the benefit of Mickey Finn's Boys Ranch. Numerous donations have been received, and plans are now under way for the presentation to Finn and his boys.

**COLOR PHOTOGRAPHY** — One of the most interested and appropriate groups that will hold a convention in Palm Springs this Winter is the Buck Rogers group of the Master Photo Dealers and Finishers of America. The principle subject for discussion of the photo experts is color photography and the reason they have selected Palm Springs is its color and scenery — and perfect conditions for taking pictures.

During the last few years color photography has gained greatly in popularity with amateur photographers who are thrilled with the excellent results they get, particularly for use with projectors and viewers. My daughter, who had never taken a color photo in her life and whose black and white pictures had been just fair, took a trip to South America last Summer and returned with over 100 amazingly good color slides, quite a few of them taken from a plane.

We have not had a photo contest in Palm Springs for a long time and it might be an excellent idea to conduct one in connection with the coming photographers' convention here. They meet at the El Mirador Hotel from January 29 to February 6, and now would be the time to get a photo contest started. We would have a fine board of experts to serve as judges. Two executives of the Eastman company; James McGhee, vice president, and Theodore Pevear, general sales manager, will be here — along with John Alves and R. J. Wilkinson, president and general manager, respectively, of the Master Photographers Association of America.

It would not be difficult to obtain a number of good prizes. To start the idea off, The Desert Sun will award three permanent trophies to the winners in selected categories. The contest should start by January 1 and be open to anyone, the only limitation being that the subjects would have to be located in the Palm Springs resort area. Many of our visitors would no doubt enter such a contest.

Winston Griffith of Los Angeles, the only member of the Buck Rogers group from that city, was in Palm Springs this week making arrangements for the convention and highly approved the idea of a photo contest. He said that he could be helpful in obtaining some good prizes.

All of the local photographers should be interested in such a contest, and could start the ball rolling by forming a committee and enlisting the aid of the Palm Springs Chamber of Commerce and other groups. It would be a very appropriate event for Palm Springs and should be given a lot of consideration.

**Who's Drunk?** — Last week, a Dallas, Texas, motorist, whose auto struck and seriously injured a St. Louisan last month, was given a six-month Workhouse term for drunken driving. At first, he protested that he was not intoxicated while at the wheel of his car when it struck the elderly pedestrian. Later, however, he changed his plea to guilty.

The case history of the intoxicated Texan holds a moral for all motorists who drink and drive. For it is human to rebel at admitting to being "drunk." In fact, the language is studded with slang phrases coined to avoid that ugly five-letter word.

Just a few days ago, a writer to the Mail Bag contended that it isn't the soused motorist who is a driving menace. It's the mildly spiffed, he suggested. The man who is far enough gone in his cups to be drunk is too far gone to get behind the wheel, he argued.

Unfortunately, in all too many cases, the man who drives after drinking tends to underestimate just how much he is under the influence of alcohol. Of course, any alcohol taken internally tends to slow down the reflexes of the man behind the wheel. Thus, it makes him a less skilled and more dangerous driver.

But now standard chemical tests put him in the drunk or intoxicated class if he has 1/15 of one percent of alcohol in his blood. That is roughly the amount that six highballs, made with a one-and-a-half ounce shot glass will put into the blood even if spread over two or three hours time.

At that point, all medical or scientific tests have found that the motorist's ability to drive a car is impaired. He may duck behind any euphemism that he chooses. But in the cool, impartial, spade-calling opinion of the chemical test, he's under the influence of alcohol.

And thus he goes into the drunken driver class that causes 22 out of every 100 fatal accidents that occur on our streets and highways — and kill some 8000 American each year. That's when he should put away the car keys and call his wife, a friend or a taxicab for a ride.

**Greensburg, Kansas, Signal** — There is a paradox in this thing called newspapering. Newspaper people meet deadlines if they have to go without sleep and meals. Occasionally, however, a breakdown makes it impossible to meet the deadline. It is then the phone start "What's going on down there? Can't you get a paper out on time?" At the moment it seems unreasonable to people who have been working around the clock. But it is also a warming thought. The town is waiting for the newspaper.

## GETTYSBURG ADDRESS

## THIS SIDE of The Sun

By Phat

There are days when you can't get ahead And wish that you had just stood in bed.

One of those days was Thursday. And you people who had to use a flashlight to find your copy of The Desert Sun that night were probably irked. But not as much as the staff of The Sun, Oscar Gilbert of the Town and Country and sundry other tenants of this building.

IT WAS ONE of those days. It started on a personal note when Mrs. G and I were summoned by a family emergency late Wednesday to San Antonio Community hospital in Upland. Got home late and practically met myself getting up as I retired. Then one of the new machines — still with some bugs in it — went haywire Thursday morning. But the resourcefulness of J. W. Richardson, the czar of the back shop, got that ironed out. Then, just when all was rolling smoothly again and I was standing by the Teletype waiting for the last minute news, the lights went out. Everything stopped. Seems a pipe broke on the stereotyping pit which holds about three tons of molten metal and it (the mold) overflowed into the basement. And chose the master electrical switch as its target. No juice for anyone in the building.

**PRIVATE ELECTRICIANS** and also practically the entire crew of the California Electric Power company were soon at the scene. But they almost had to blast to get that lead and antimony sheath off the switch. It was so important that even Francis Crocker, the head man of Cal Electric here, came down to look on. So that's why your paper was slightly, to put it mildly, tardy Thursday night. And that's why the composer of this piece and a dozen or so artisans of the composing room, had to wash out their mouths with soap. And just before Christmas, too. But we won't get anything.

**HAVE BEEN READING** a few Christmas statistics. According to one doctor in the east, in any given day during the Christmas season, 40 million people will have head colds. He said that the Christmas season is one of the peak cold-catching times of the year. He explained that people get run down and tired at this time and the worry and hurry of the Christmas season aggravates the situation. So they are easy prey for the cold bug. Especially when they go from hot stores to cold streets. (That's not possible here.) They spend too much time in crowds and eat too much rich food. And a lot of people rely on those two close pals, Thomas and Jellal, during the holiday season, believing that that holiday mixture of merriment ingredients will cure anything but a broken leg. Some of them vow they are even going to try that some time.

Extraneous thought — what's happened to Davy Crockett? The only coonskin cap I've seen lately was on Estes Kefauver. Ditto, extraneous thought — Fellow said the other day there is only one way to handle a woman but the big trouble was that no one knew what it is.

FOURTEEN days until Santa Claus. Sixteen days until Santa Anita.

## QUOTES FROM THE NEWS

By United Press

**NEW YORK** — Mrs. Joyce Brothers, who won \$32,000 on the program "The \$64,000 Question," on bringing in a boxing expert to help her if she chooses to answer the final question: "After all, I have nothing to lose except the money. He stands to lose his reputation."

**COLUMBUS, Ohio** — E. T. Cusick, president of the Arizona-Mexico baseball league, on the red hot fans at Cananea, Mex., where last season's attendance was 10 times the local population: "I could make more money there selling concessions than I make as president of the league. They really pack that park and everybody is always hungry."

**CALCUTTA, India** — Communist Party chief Nikita Khrushchev, speaking at a banquet attended by Prime Minister Jawaharlal Nehru of India: "India and Russia have joined hands to rid the world of colonialism."

**CALCUTTA, India** — Prime Minister Nehru speaking at the same banquet after Khrushchev finished an attack on Western disarmament plans: "I also am opposed to armament, but I have no right to criticize others if they follow their own way. We only want to stay away from them."

**NEW YORK** — Dr. Alberto Gainza Paz, before leaving for Buenos Aires to resume ownership of the newspaper La Prensa, confiscated four-and-one-half years ago by deposed dictator Juan D. Peron: "I never lost faith that it would be returned to me. My friends, associates and the Argentine people never lost faith, and I think it is a wonderful encouragement to the people of the Iron Curtain countries."

**WASHINGTON** — Carmine De Sapia, New York state Democratic leader, on Gov. Averell Harriman's health: "He is as active and as juvenile as any 30-year-old man that I have seen around."

**WASHINGTON** — Tammany Hall Democratic leader Carmine De Sapia, in announcing that New York delegates to the 1956 Democratic National Convention will place the name of Gov. Averell Harriman in nomination: "It is foolhardy to try to guess what the people will think or want in the way of a candidate more than eight months from now."

**NEW YORK** — Television and concert singer Elaine Malbin, complaining that only "millionaires old enough to be my father" try to date her: "I'm lonesome. Young men are afraid of me."

**LOS ANGELES** — Sen. Lyndon Johnson (D-Tex.) in a plea to both parties to be "big enough" to maintain a bipartisan foreign policy: "I have faith in the ability of America to maintain a common front against danger. There will be strains and stresses that imperil our unity. But the people have wisdom and the people have strength and together we will remain united in our determination to preserve our freedoms."

## MENUS

Menus to be served in the schools in the Palm Springs Unified School District next week are printed below to permit motorists to plan meals without duplication:

**Monday** — Wieners on a bun, pickle, potato chips, carrot and celery sticks, apple cobbler, milk.

**Tuesday** — Mashed potatoes with hamburger gravy, buttered spinach, tossed salad, wheat bread and butter, fruit cup, milk.

**Wednesday** — American ravioli, buttered green beans, raisin and carrot salad, wheat bread and butter, peaches and cookies, milk.

**Thursday** — Escalloped potatoes with ham, buttered peas, cole slaw, chocolate pudding with marshmallows, milk.

**Friday** — Vegetable soup, tuna sandwiches, tomato wedges, celery sticks, fruit jello, milk.

## Reports on Hollywood

**HOLLYWOOD** — The trouble with Milton Berle is Phil Silvers. Rating-wise, that is... Three-way deal's cooking with Joan Crawford, Bob Aldrich and Lew Meltzer to produce "Storm in the Sun." Starts in February, for either UA or Columbia. Al Steele's chauffeur, J. J. Murphy, makes his film bow in Miss Crawford's "Autumn Leaves" as a gardenia salesman. John LoCoco wants to meet Imogene Coca. Larry Tierney is likeliest to play the mixed-up husband in the touring company of "Cat on a Hot Tin Roof". Charlie Morrison will celebrate his birthday Dec. 21 at the Mo. Pete Douglas, charmin' Sharmen's brother, is going with Virginia Lang, who just shed Howard Lang in a divorce action in which Aly Khan's name figured prominently. Debbie Reynolds wears her wedding ring on the outside, as a guard for her engagement ring, because it's the smaller of the two. Lin Crosby, Bing's youngest, swings a mean golf club too. The chief of police in Corning, Calif., is named Dick Tracy. Grace Kelly, eschewing the matzo balls, dined daintily at MGM yesterday on chicken soup. Sammy Davis, Jr.'s first movie will not be Frank Sinatra's "Jazz Train," as announced. His first was "Rufus Brown for President," which Warner made 25 years ago. Ethel

Waters starred and Sammy, who played Rufus Brown, was five years old. Duncan Sisters' contribution to the Christmas record market is titled "Twinn' d Cwismas Twee" (this is for real). Mike Curtis says half the lies you hear about him aren't true.

**NOTES FROM VARIOUS & Sundry** (who're we kidding — we can't be EVERYWHERE!) Legmen: First Audience Awards splash was a regular Big Rock Candy Mountain of a party. Jerry Wald and Milton Pickman did a great staging job — announced it for 7:30 and by golly if it didn't start at 7:34! That Marine band that teed it off gave everyone the goosepimples. An inspired opening. Walter Pidgeon, introducing Walt Disney, flubbed and had to go over his flowery intro three times. Which brought this from Disney: "He had ME guessing too!" Natalie Best, a CBS gal, asked Jennifer Jones to say something over the mike but Jennifer wouldn't go on without a script. Jennifer wanted an assist from David Selznick when they called her name but David said, "You're on your own". How long can you be a new face? Anne Francis says she's been one for five years; Russ Tamby has chalked up seven; John Ericson five; and Janet Stewart says she's waiting because she wants to go in

as an old face. Peggy Lee was in tears. Dewey Martin, her escort, said, "Please quote me as saying nobody in the business is more deserving." Marriage: Something that gives a woman another mind of her own.

**ONCE WHEN THE** mike went dead and the lights went out at the "Hellzapoppin '56" unveiling Marty May turned to the audience and cracked, "I BEGGED them to open it in New Haven!" From gram note: "Book Accumulated by Olsen and Johnson" and that's what it is, an accumulation of almost every gag you've ever heard but brightened & polished as only O&J can b. & p. A sepiu singer named Jeanette Williams sang "Gave My Youth to the Devil, Givin' My Old Age to the Lord" with 10 tiny tots singing and doing the old buck — wing behind her and blew the roof off. A real showstopper. One of the entertainers ran down the aisle ringing a bell and hollering, "Last call for the powderroom!" Whereupon Max Baer staggered up the aisle acting punchdrunk and hollered to Jersey Joe Walcott, "Didja hear the bell, Joe?" A strange bit. On tap too were Charlie Coburn, Jack Oakie, Leo Carrillo, Jay Flippen, Wild Bill Elliott. Overheard at the Bevilton's Ball Room: "There's a bus leaving in 10 minutes — be under it!"

## It Happened Last Night

**NEW YORK** — John Huston, take the stand!

Q—"You've become a big fox-hunting man in Ireland. I thought that was a big Social Register sport."

A—"In America, yes. But in Ireland, a farmer'll get so excited when he sees a hunt, he'll unhitch his horse from the plow, grab a handful of mane and join in."

Q—"It's not a pantywaist game?"

A—"My wife broke her arm the other day when her horse took a fall. She'll be in a cast four months."

Q—"Jose Ferrer rides to the hounds in Long Island, I hear?"

A—"I took him on his first ride. During 'Moulin Rouge' Joe's ridden a horse before, but had never jumped. He went right down to the tailor and got fitted, and he spends the evening polishing his boots. He also goes to riding school. Joe's coming to Ireland now to ride with me."

Q—"Were you ever hurt?"

A—"Had a horse roll on me once, but that was a steeplechase."

Walter Huston's big son was telling me this at the St. Regis at luncheon. Having recently bought a 25-room house at Galway, Ireland, near Galway Bay, "in the middle of good hunting country," he didn't want to spend much time here or in Hollywood, though he had to find out what's to be his next picture after "Moby Dick."

Q—"How big were those steel and latex whales you used?"

A—"One weighed 107 tons, was 116 feet long and cost \$25,000. It had two rooms inside. It would get cold from the waves and the guys would go inside and get a drink."

Q—"Didn't one of them get loose?"

A—"One! We lost two, in the high seas and storms. One we had

to cut loose and the Admiralty had planes out looking for it as a menace to shipping. Warner Bros. had harder luck when they started. They had one whale that was to be manually operated like a submarine. It was a big —, this whale. Finally the day arrived. The designer said he would prefer to make the descent alone. It went right down to the bottom of the ocean. It was the last they ever saw of that whale. The guy got out, though. But he was down there for about three minutes and they thought they'd lost him."

Q—"Weren't you born in Nevada, Mo?"

A—"Yes. You see, my grandfather owned the power and light company. He came by it dishonestly — won it in a poker game or something."

He asked dad to come and take over. My old man was very amiable. They asked him for more pressure and he gave it to them, a lot of it. Fire broke out and burned down half the town. That's when we left."

Q—"We got to Weatherford, Texas, where we also had the power and light, and from which we also left hurriedly. My old man then became an actor."

Q—"Do you hunt anything besides foxes?"

A—"I was in Austria the other day hunting stag and chamois."

Q—"Isn't Ireland kind of far away from everything for you?"

A—"Far away! Say, Shannon's the airport that's nearest to the United States, and it's almost as easy for me to get from Ireland to Paris as it is for one of you New York boys to get from the country into Manhattan. Especially in this traffic. Sometimes I feel I got to take my gun and shoot my way through!"

**THE WEEK-END WINDUP**... "DON'T PRINT THAT!" Chores

ographer Louis da Pron of the

Come show was once hired to dub in the sound of tap dancing on a TV show for a famed fooler. One of Mickey Jelle's pals, now editor of a Sing Sing paper, writes his Cafe Society pals for gossip items he can use in it.

A kid at the "Chalk Garden" stage door yelled at Siobhan McKenna, "Hey, gimme your autograph — who are you?" Eileen Barton's up for a lead in Cecil Beaton's musical, "My Royal Past."

Robt. Q. Lewis' '55 tab for answering fan mail will reach \$22,000. Pretty, busty Gale Sherwood (featured with Nelson Eddy at the Statler in L. A.) will do another Max Liebman spectacular next month.

The Dheess of Windsor took cartoons of matches from Gogi's Charterhouse for her trip to Paris. Myron Cohen's San Souci contract is unique: 40 nights over a three-month period, at IG a night. Joe (Rathskeller) King squired Shirl Conway to Jimmy Ryan's. Joni James' new record, "You Never Fall in Love Again," was written by a man who got the idea when he divorced his wife, then remarried her.

**TODAY'S BEST LAUGH:** Hi Resnick of the Si Bon described a slow-thinking showgirl: "She didn't even get to be a juvenile delinquent until she was 30."

**WISH I'D SAID THAT:** It was so cold out the other night that catered singer John Laurens, "the white line down the middle of the road turned blue."

A local gent got a Christmas card from the boys at the garage, but didn't send a gift. Next week he got another card, "Merry Christmas from the garage men — second notice." That's earl, brother.

## Washington Report

**WASHINGTON** — The Air Force has a new closely-guarded secret!

This latest addition to the Air Force's immense stockpile of classified defense data is — the salary of the football coach of its new Academy at Colorado Springs, Colo.

Air Force officials hold this information is confidential and cannot be made public.

That's what they told the Senate Armed Services Committee which asked for it.

The Committee has been authoritatively advised that coach Lawrence (Buck) Shaw has a five-year contract at a salary "in excess of \$22,500" — the pay of a senator. So the Air Force was asked for an official report on this matter, on the ground that the Academy is a government institution and everything connected with it is public business.

But the Air Force doesn't see it that way — so far.

It has notified the Committee that Shaw's contract is a private affair between him and the Air Force Academy Athletic Association, which it is claimed hired him and is paying his salary.

That was news to the Senate Committee, which had assumed the former coach of the professional San Francisco Forty-Niners was an Air Force employee, like other faculty members. The Committee has been given no explanation as to why this exception was made and who authorized it.

But the Committee intends to. The Air Force hasn't heard the last of this matter by a long shot. It's been turned over "for further action" to the Committee's Preparedness Investigating Subcommittee, headed by Senator Lyndon Johnson, Tex. — who is also Democratic leader of the Senate and has a long record of getting what he goes after.

Betting around the Capitol is 5 to 1 that this latest Air Force secret won't be secret much longer.

**NOTE:** Army and Navy chiefs, in response to a press inquiry, balked at divulging the salaries paid the football coaches of West

Point and Annapolis, but said this information would be readily given any congressional committee that asks for it. "Then if they want to make it public," was added, "that's their business. But we don't feel we should."

**UPROOTING THEM** — Those anti-American diatribes of Communist boss Khrushchev are proving very helpful in Indonesia. His ill-tempered harangues may cost the Reds a valuable foothold there.

Last year the neutralist Indonesian government accepted a Kremlin offer of a technical mission. The Indonesian Army didn't approve of this, but didn't block it. Now the military want to get rid of this constantly-expanding mission, made up chiefly of Communists from satellite Czechoslovakia, Hungary, and East Germany.

Indonesian officers have increasing grounds for believing that the real purpose of these Reds is spy-

ing and organizing an underground movement.

Until Khrushchev's violent outbursts in India and Burma, the army officers made no headway in their warnings to Indonesian officials to get rid of the dangerous mission, now that advice is being seriously considered, and a far-reaching showdown is in the offing.

The outcome of this crucial test is still uncertain. The U. S. is keeping hands off the tense backstage struggle, but is giving the military a lot of "moral" support.

If the big Kremlin mission is ousted from Indonesia, the effect will reverberate throughout Southeast Asia.

## Try and Stop Me

By BENNETT CERF

IF YOU CHANCE to walk on 23rd street, between Ninth and Tenth Avenues in New York, you might give a thought to Clement Clark Moore, wealthy professor of Greek and Hebrew, who lived there in 1823. The name of his home was "Chel-sea," later applied to the whole district. The good professor tired of his Greek and Hebrew long enough one evening in 1823 to dash off a little poem. He called it "A Visit from Saint Nicholas," and the meter of the verse ("Twas the night before Christmas, when all through the house," etc., etc.) was suggested to him, declares Clark Kinnaird, by a jingle of sleighbells — a sound long since replaced in that neighborhood by the melancholy toot of giant liners like the Queen Elizabeth inching away from their docks.

## Plans Started for 29th Annual Ramona Pageant

HEMET-SAN JACINTO — Early preparations are going ahead today for the 29th staging of California's most beautiful play — The Ramona Pageant, by the people of Hemet and San Jacinto.

The dates for the three weekend showings of the historic drama have been set — Saturday and Sunday afternoons of April 21 and 22, April 28 and 29 and May 5 and 6.

Milton R. Nims, general manager of the civic non-profit Ramona Pageant Association, announces that with the fine new paved highways and the completed parking facilities for more than 3,000 cars, attendance this year is expected to reach an all time record high.

The Ramona Outdoor Play, the dramatization of Helen Hunt Jackson's immortal love story of the Indian maiden, Ramona, by the late Garnet Holme, wizard of California pageantry, has been witnessed by more than 500,000 persons since it was first staged, and has become famous from one end of the world to the other. Yearly visitors to the beautiful San Jacinto Valley from all parts of the globe have been thrilled by the beautiful story enacted in the actual valley where portions of the historic drama actually are said to have taken place.

## Nelson Finishes Medical School

CATHEDRAL CITY — Second Lt. Ronald A. Nelson, 22, son of Mr. and Mrs. Conrad B. Nelson, 37520 Palo Verde Drive, recently was graduated from the Medical Field Service School at Fort Sam Houston, Texas.

Lieutenant Nelson completed the medical service corps orientation course. The course was designed to give branch training to college graduates entering the Army as pharmacy, supply or administrative officers.

Lieutenant Nelson, who entered the Army last September, is a 1955 graduate of the University of California at Los Angeles. He is a member of Alpha Sigma Phi fraternity and Scabbard & Blade society.

## Water District Annexes New Area, Continues Argument

DESERT HOT SPRINGS—The Desert Hot Springs County Water District yesterday approved approximately 11 miles of additional water mains on lands immediately north of the city and took retaliatory action in a feud with Desert Hot Springs' founder, L. W. Coffee.

The lands which were approved for annexation to the water district are known as Wardman Heights, and the cost of the main will run more than \$150,000, and will be borne by the subdivider — Realty Company of America. The system will include a 200,000 gallon water storage tank costing in excess of \$13,000.

A LETTER FROM L. W. Coffee which demanded an "honorable and adequate administration" of the water district was read by Harry Cannon, attorney for the district, who was directed by the board of directors to write Coffee a "long letter" in reply. Coffee's letter was three pages long.

The feud between the Desert Hot Springs founder and the Water District started some time ago when he had a falling out with them, and according to the directors he left them with a \$240 engineering bill for tentative plans to distribute water here. The directors frequently mention the account and indicate they are unlikely to comply with Coffee's requests until he reimburses the district the \$240 which they paid.

THE BOARD SAID Coffee is demanding water service on some land located in the upper corner of Desert Hot Springs, where there are no buildings at present. They added that it was land Coffee may

no longer own, as they believe that it is land that he has contracted to sell to the Realty Company of America, which in turn had contracted to sell it to a Pittsburgh buyer.

The directors of the water district said that Coffee is now suing the realty company over the deal, and the company is suing Coffee for defamation of character.

This trial is presently going on in a Los Angeles Superior Court.

THE WATER BOARD last night conducted annexation proceedings for another 40 acres, subject to the owner paying \$4,000 and turning over water rights to the property. The land is southwest of town.

Indicating how fast the water district is growing, three annexations totaling more than 500 city lots, will become final during the next week or two.

The DHS water district, formed only three years ago to contain the original square mile of town, already has had 14 annexations which have nearly doubled the size of the district.

### War on Orchard Mice Takes to Air

ITHACA, N. Y. —The war against mice in New York state apple orchards has taken to the air.

Cornell University conservation department experts have tested the plan of distributing mouse bait by use of airplanes and thus cut growers' labor and machine costs. A 2,000-acre farm can be "bait-bombed" by plane in less than a day. Distributing the bait by hand would require about two weeks.

## THEIR OWN CHRISTMAS PARTY MORE FUN FOR THE CHILDREN

The Christmas season is such an important time for children! An idea which will keep the little folks happily occupied and help busy mothers, too, is to let them have

a part in preparing a party of their very own.

Plan simple refreshments that they can help make. The little ones can cut sandwiches into stars and Christmas trees with cookie cutters and they can decorate cookies by sprinkling on colored sugar after Mother has spread them with icing.

For a beverage, since chocolate is a favorite flavor, they will love Carnation Instant Chocolate Flavored Drink. It's so easy even small children can make it all by themselves. Mothers like it because it provides whole-milk amounts of protein, calcium and B-vitamins even when mixed with water. If the small "small fry" are giving the party,

it can be served warm with a marshmallow.

The "magic crystals" dissolve instantly in hot or cold water and the handy package pouring spout makes it easy for the children to mix without spilling... there's no mess for Mother to clean up. All they have to do is add the "magic crystals" to warm water, stir and it's ready to drink. A quart of Instant Chocolate will serve 7 or 8 children. To make a quart of this nourishing beverage, just add 2-1/3 cups of "magic crystals" to 3-1/2 cups of water and stir lightly.

If you want to really dress up the occasion serve the hot chocolate drink in Santa Claus mugs and decorate the table with paper Santas or a tree with a little gift for each child.

## Birthday Party for Jack Rech

Jack Rech was twelve years old Wednesday and his parents, Mr. and Mrs. Bob Rech, invited a few of his friends to their home to help celebrate the occasion. After a delicious dinner the guests were taken downtown to see a movie in the theatre.

The friends, who helped celebrate the occasion with Jack, were Dennis McGuire, Neves Sandoval, Rose Ann Sullivan, Warren Bedwell, Ronnie Studebaker, Mary Jane Waldron and Francisco Caelso.

WHILE Bernard Malin is away in South America his wife, Charlotte, received word that he had passed the California State Bar examination. In addition, Mr. Malin is a C. P. A. and has three years of engineering to his credit.

**FAREWELL PARTY** at Zanvilles restaurant Thursday night was held by Harry Pitts of Palm Springs, for Mr. and Mrs. I. Becker of this city and Mr. and Mrs. S. P. Eder of Detroit, Michigan. The Beckers are leaving this weekend for Israel and the Eders are returning home. At the dinner, clockwise, start-

ing at left, are, Harry Pitts, Mr. and Mrs. A. Heller, Zachary Pitts, Mrs. and Dr. S. P. Eder, Mrs. Harry Pitts, Mrs. and Mr. Abe Schwartz, Mr. and Mrs. Harry Freidin, Mrs. I. Becker and Mr. I. Becker.

## Dinner to Fete Two Birthdays

A dinner has been arranged by Mrs. M. H. Beebe tonight at the Beebe home at 1091 San Jacinto Way, to honor the birthday of her husband, Dr. Beebe and that of Mrs. Bess McMullen of Los Angeles, whose birthdays both fall on December 12. The habit of celebrating the two birthdays together started in Grand Rapids, Michigan in the early 30's and has continued on many occasions since that time.

Frosted desert shrubbery, red tapers and red ribbons will be used for the table centerpieces. Cocktails will precede the dinner. Much of the evening's entertainment will be provided by Mrs. McMullen playing and singing. She had her own radio program in Grand Rapids in the mid-thirties.

Guests will include Messers and Mesdames Henry LaFogge, Robert Beck, Arthur Press, Earle Arnold, Herb Samson, Graham Dexter, Thor Frederickson, Cal Brown, Edwin Brooks, Mmes. Mary Ann Arnold, Shelby Wegner, Lisa Shanahan, Mary O'Neil, Edith Carlson, all of Palm Springs, and Richard McMullen of Los Angeles.

The McMullens will be weekend guests at the Beebe home.

## Mothers Club Has Meeting

Members of the St. Theresa's Mothers Club held its monthly meeting on Wednesday in the parish hall. Mrs. Toni Boyle, president of the club, conducted the meeting, which was addressed by Rev. Father Michael O'Donohue. Final plans were made for the forthcoming Christmas party and all mothers were urged to assist in all holiday activity at the school. Hostesses for the afternoon were Mesdames Pat Martin, Pat Cohen, Bill Waldron, and Jack Riordan.

A GUEST of Thea Koonce this week is Dorothy Blahut of Los Angeles. The two girls are old friends and thoroughly enjoyed that fascinating trek along Palm Canyon Drive browsing through shops and getting a glimpse of the future fashions.

HOTELMAN AND MRS. J. B. Rich, former owners of the Palm Garden, are here from Chicago for a fortnight's stay at the Racquet Club.

## Timing is Important for Feast

NEW YORK (AP)—The ease with which you prepare and serve the Christmas feast lies in the planning.

Avoid the last-minute rush by doing much of your shopping the week before Christmas.

If you have a deep freezer, the turkey can be in the house well in advance, and so can almost everything else, for the dinner—frozen vegetables, bread for the stuffing, and even mince pie, ready to reheat.

If you don't own a freezer, have the turkey delivered a couple of days in advance.

As soon as it is in the house, wash and dry the inside and rub with garlic bud, getting into as many crevices as possible. Sprinkle lightly with salt, wrap and store in the refrigerator.

### Advance Work

Cook or bake the giblets, and store them in the ice cube compartment or freezer section of the refrigerator, ready for use in the gravy on feast day.

Potatoes and canned goods can be bought the week before. If you have storage room, white onions, yams and fruits—other than grapes—will keep perfectly until Christmas. Then on the day before, you'll have only the perishables to buy.

Home economists at the Gas Appliance Manufacturers Association say the turkey stuffing tastes better if it is not frozen. Stuff the turkey just before it's ready for the oven.

Garnishes can be made the day before. Celery fingers, carrot curls and radish rosebuds seem to have extra crispness if stored overnight in water in the meat section of the refrigerator.

Another time-saver: set the Christmas dinner table the night before, and cover the works with a plastic "cloth" to keep everything spotless.

## Desert Does and Elks to Wrap Christmas Gifts

Tuesday evening at 7:30 p.m. the Desert Does and Elks will act as Santa's helpers when they meet at the Elks Lodge to wrap over 200 Christmas gifts which will be delivered to the handicapped children throughout Riverside County. All proceeds raised at the spaghetti dinner given by the Desert Does on November 22 were used to purchase the gifts.

President Margaret Krysan invites all Elks and their ladies to be present on Tuesday evening so that the gift wrapping project will be completed and the handicapped children will receive their gifts on schedule.

The regular business meeting of the Desert Does will not be held and gift wrapping will start promptly at 7:30 p.m. Refreshments will be served at the completion of the evening's work.

"Let's all do our part in making this the happiest Christmas for the children," Mrs. Krysan said.

### HEARING AID DISGUISED

NEW YORK (AP)—If a hearing aid is a necessity, a woman can now wear one as part of her jewelry. A new aid looks like a pair of earrings, but actually conceals a hearing receiver. It is constructed so that what little equipment is needed can be tucked out of sight in a simple hair-do.

### Golden Nugget Ball to be a Palm Springs Benefit

All proceeds from the Golden Nugget Ball, which will be held at the Tennis Club the weekend of January 20-21-22, will remain in Palm Springs, it was announced today by Lee Anderson, vice-president of the sponsoring organization, the Jimmy McHugh Charities, Inc.

"After the fabulous success of our Champagne Ball, which opened the Beverly Hilton Hotel, the Jimmy McHugh Polio Foundation, Inc. was changed to the Jimmy McHugh Charities, Inc. to enable us to give to not one, but all charities," Mrs. Anderson said.

When plans were discussed for the Golden Nugget Ball, the glamorous three-day party which originated in the desert, it was decided that here is where it belongs. It was also decided that each year the event should be held at a different place, hotel, club or ballroom, and that each year it should benefit a different charity.

In speaking for Jimmy McHugh, who is in New York on business, Mrs. Anderson announced the following committee members for the Golden Nugget Ball: Mrs. Alphon-

zo E. Bell, Jr., president; Mrs. Anderson, first vice-president; Mrs. Jack Ellis, second vice-president; committee members: Mesdames David Hearst, William Doherty, Welton Becket, Alfred Bloomington, Hal Roach Jr., Mervyn LeRoy, Ray Bonham, Jack Warner, Howard Tullis, George E. Cameron Jr., Cobina Wright, Miss Louella O. Parsons and Miss Lily Pons.

#### Pollard Memorial Services Sunday

Memorial service will be held Sunday, following regular Sunday morning service at the Church of Religious Science in the Paseo Theatre, for Arthur Pollard Sr., who died in Oakland on November 24. Services will be conducted by Dr. Irma Glen, pastor of the Church, and Pietro Gentile will sing.

## Around Town

with Hildy Crawford

What's new in Palm Springs... Interesting new people... Christmas lights and trees and a house outlined in colored lights... festive for the Yuletide...

Cards from the icy East that always give us a new appreciation of our Village... Those Racquet Club tote bags that read "I'm a Friend of Charlie's"... A man in turban lunching at Town and Country... A man with a Stradivarius dining at the Dunes... The model house at Palm Canyon and Tahquitz so close to where Dr. Welwood Murray's house stood in the early days... and so different... Always something new... but the event of the week... was Zaddie's return to spend Christmas in the Village...

Palm Springs seems to attract interesting people... This time it is a woman, Isabella Charbneau, of Beverly Hills... who has the distinction of being the only woman member of the Southern California branch of the American Society of Appraisers... She is a houseguest of Mrs. Margaret Fisher Monson at her home at 162 Ocotillo...

The visitor, who has already decided to make her home in the Village, is world famous... as the curator and lecturer for the great miniature collection of her father Jules Charbneau... This includes 30,000 items such as the world's smallest pipe organ which actually plays... the world's smallest sewing machine which actually sews... a five piece silver tea set on a tray the size of a dime... 3,000 gold spoons so tiny they fit into a hazelnut... the world's smallest books, all readable... the Lord's Prayer engraved on the head of a pin... tiny porcelains... rare little ivory carvings... and dozens of other fascinating minutia.

Miss Charbneau is a native of Seattle and has many friends from the Evergreen State... Her parents Mr. and Mrs. Jules Charbneau plan to spend Christmas here with their daughter.

Former Villager C. E. Fauntleroy (retired president of Standard Parachute) was in the Village for a few days... and doing the night spots with Anita Haskell Jones... Faunt now has a thoroughbred farm near Tucson...

From the snow and ice of Minnesota... comes a Christmas greeting to the Palm Springs friends of Ernie and Bernie Young... They leave next week for Florida where they will Christmas at Miami Beach... and will be out here at El Mirador around the first of the year...

## Women's Hospital Auxiliary to be Headed by Mrs. Farrell

The Women's Auxiliary of the Palm Springs Desert Hospital, which was started last Spring by a group of interested women, has completed its organization and elected Mrs. Charles Farrell as its first president.

Formed "to promote and advance the welfare of the Palm Springs Desert Hospital through ways approved by the governing board of the hospital... through interpretation of the hospital to the public... through service to the hospital and its patients... through fund raising," membership in the Auxiliary is open to all who are interested in the Desert Hospital.

There are four kinds of memberships: active members, \$5 a year; associate members, \$10 a year; honorary members, no dues; life members, \$100 for life.

At the election, which was held the last of November, the following officers were elected to serve with Mrs. Farrell: Mrs. John Kenaston, first vice-president; Mrs. Asher Levy, second vice-president; Mrs. Elsinore Machris Gilliland, third vice-president; Mrs. Harold

## Guild to Wrap Festival Gifts

The Guild of St. Paul's in the Desert will meet next Monday, December 12, in the parish hall at the Church at 10 a.m., instead of the regular date which would have been the following day.

The Guild will wrap gifts for the annual Christmas Festival party which they are giving on Wednesday evening. All members of the Guild are urged to attend and assist with the gift-wrapping.

## Dessert Tea for Fleishman Group

A dessert tea next Tuesday, December 13, at 1 p.m. will be the first meeting of the season for the Gussie Fleishman Cultural Group, Mrs. Betty Friedberg, chairman, has announced.

Mrs. John Chernus will give a book review and conduct a discussion.

All members and friends are cordially invited to attend the dessert tea, which will be held, as formerly, at the Jewish Community Center at 332 West Alejo Road.

## God Seen as Preserver in Sunday Sermon

Biblical assurance of God's guidance and protection is the theme of the Lesson-Sermon on "God, the Preserver of Man" to be read in all Christian Science churches Sunday.

Luke's Gospel relates that Simon's wife's mother was taken with a great fever, and Jesus "stood over her, and rebuked the fever; and it left her; and immediately she arose and ministered unto them" (14:38, 39).

Mary Baker Eddy says in "Science and Health with Key to the Scriptures," "Jesus demonstrated the inability of corporeality, as well as the infinite ability of Spirit, thus helping erring human sense to flee from its own convictions and seek safety in divine Science" (p. 494).

The Golden Text is from Exodus (15:2): "The Lord is my strength and song, and he is become my salvation."

## 'Defense Before Men' is Topic for St. Paul's

Regular services at St. Paul's in the Desert Episcopal Church for this Sunday will include Holy Communion at 8 a.m., the Family Service and Church School at 9:15 a.m., and Morning Prayer and Sermon at 11 a.m. The Rector's sermon at the 11 a.m. service will be "Our Defense Before Men."

Confirmation classes for both adults and children have begun at St. Paul's, in preparation for the annual visitation of the Bishop the last Sunday in January. The children's classes will meet each Saturday morning in the Rector's study at 10 a.m. The Adults classes will be held each Tuesday in the Rector's study at 7:30 p.m.

Topic for instruction this coming Tuesday will be the history of the church. All adults are welcome, whether or not they plan to be confirmed. Episcopalians and non-Episcopalians attend the classes to inquire into the beliefs and practices of the church, or to review their own instruction of previous years.

## 'End of World' to be Subject at Our Savior's

"How do we know that the end of the world is coming?" will be the question the Rev. LeRoy Hass will endeavor to answer in his sermon at the Sunday morning worship service at Our Savior's Lutheran church at the American Legion hall, 400 North Belardo Road.

This is the third in a series of sermons which the pastor is preaching on the Second Coming of Christ.

Our Savior's Lutheran church is making plans to complete its organizational procedures in the very near future. On Tuesday evening the Church Council will meet to make the final plans necessary for incorporating as a church body, and for making application for membership in the Southern California District of the Lutheran Church, Missouri Synod. Election of permanent church officers is planned shortly.

## States Eliminate Much Paper Work

CHICAGO (AP)—Three states have acted to free public officials from time-consuming paper work, according to the Municipal Finance Officers Association.

The group said Louisiana, Oregon, and Texas legislatures have passed laws allowing the use of facsimile signatures of seals to execute public securities. Louisiana became the first state to adopt such a law when it did so last year. Oregon and Texas so acted this year.

The association in 1954 adopted a resolution approving the use of facsimiles of signatures or seals on bond issues of \$10,000,000 or more.

James Jesse Strang maintained the only absolute monarchy ever established in the United States when he defied the United States government and proclaimed himself king of a Mormon colony on Beaver Island, Mich.

## First Southern Baptist Meets in New Building

The First Southern Baptist Church of Cathedral City, met for the first time Sunday in its new building located on Cathedral Canyon Drive between Grove and "A" Streets in Cathedral City. For the past two years the church has held its regular services in the town hall.

The property on which the church is now located was formerly owned by Mrs. Bertha Butler, of Cathedral City. The house on the property has been converted into facilities that shall be used until a permanent church building can be erected. Plans are now being made to expand the size of the present building and to plan future buildings that will be constructed in the future.

With the moving into the new building the church will promote an expanded program in every phase of the organization. The organizations of the church include the Sunday school, Training Union, Women's Missionary Union, Weekly Prayer services, and regular morning and evening worship services.

The Sunday school is under the

direction of Willard Hill who is superintendent. The Sunday school is the Bible teaching agency of the church program, and is graded for all age groups.

The Training Union is under the direction of Mrs. Gladys Hill who is the union director. Training Union is the agency of the church that trains in church membership and doctrine. This organization is also for all age groups.

A religious census will be made of the Cathedral City area by the church beginning this Sunday afternoon.

The church is under the pastoral leadership of Rev. Glen T. Williams, with music under the direction of Ronald Hayworth. Barbara Browne is pianist. Both Hayworth and Miss Browne are students at California Baptist College in Riverside.

Regular services of the church include Sunday school at 9:45 a.m., Morning Worship at 11 a.m., Training Union 6:30 p.m., Evening Worship 7:30 p.m. Weekly Prayer Services are held each Friday evening at 7. Every one is invited to attend all the services of the church.

## Latest Italian Import Cuts Down American Tempo

By ELIZABETH TOOMEY  
United Press Staff Correspondent  
NEW YORK (AP)—We already have improved tailored shirts, tomboy haircuts, sharp-toed shoes and well-rounded movie stars from Italy, and now we're showing interest in a duty-free Italian product—leisure.

At a growing number of marble-topped tables in this city, busy people are encouraged to linger longer over a single cup of coffee, demi tasse size at that.

A machine from Italy started this slow down—a grinding, sighing contraption that sends a stream of inky black brew from a thin spout every second.

WE BEGAN to import Espresso coffee machines after World War II, which was not surprising for a gadget-minded nation. But now Espresso coffee shops are appearing in prosperous Manhattan neighborhoods, and they are successfully selling the folkly leisure that is part of Italian coffee shops as well as the strong steamed coffee.

Umberto Romanelli is a proprietor of one of these Espresso coffee shops here. He patterned the shop after Motta, a famous coffee shop in Milan, and covered one wall with a wallpaper mural of Venice, his former home.

THEN ROMANELLI set about slowing down his American cus-

tomers. The experiment began last May.

"The time is right for it," Romanelli said. "Americans get more continental minded all the time."

"Sometimes they wait now for two hours," Romanelli said proudly. "In Italy it is nothing for a man to come in for a cup of coffee in the morning and sit all day. Now I have some customers who sit for two hours with one cup of coffee. They are learning."

WHEN THE WEATHER gets warmer he will put three tables and eight chairs on the sidewalk, a nostalgic gesture to the famous outdoor tables in St. Mark's Square in Venice.

## 'Have Ye Never Read' is Topic of Sunday Sermon

Sunday morning, at both the 9:30 and the duplicate worship service at 11, Dr. James H. Blackstone Jr., pastor of the Community Church of Palm Springs, will bring a message on "Have ye never read?"

This will be a very timely subject as December 11 is Universal Bible Sunday. The Chancel Choir will present a special anthem and Hugh Givens, baritone, will sing an Aria from the Christmas Oratorio by Bach.

Sunday School begins at 9:30 and there are classes for all age groups. The lessons are all graded and are taught by well versed teachers.

A nursery is provided for the care of small children from 9:30 until 12, with a trained nurse in charge.

At 6:15 the Christian Endeavor group meets. The High School group meets in the church parlor and the Junior High group meets in the Youth Chapel. The High School department will discuss for their topic this evening "If He Had Not Come." All High school and Junior high school young people are invited to come and take part in these meetings.

At 7:30 the film "My Right and My Cause" will be shown. This is one of the latest films put out by the American Bible Society which tells the story of the preservation, during the recent war in Korea, of the printing plates which were used in printing the Korean Bible. God miraculously protected the life of a Korean pastor as well as these important plates from which copies of the scripture could be printed and distributed throughout Korea. It is a true story and is worth seeing. Dr. Blackstone said. All are cordially invited to come at 7:30 and see this picture.

## Rev. Johnson to be Speaker Here on Sunday

The Rev. Barclay Johnson, executive director of the Department of Affiliated Churches of Religious Science, Los Angeles, will be the guest speaker at the regular Sunday morning services of the Church of Religious Science of Palm Springs, on Sunday at 10:45 a.m., at El Paseo Theatre, 810 North Palm Canyon Drive.

His subject will be "The Coming Great Church."

Dr. Irma Glen, the resident minister, announces that the message of this dedicated young man is certain to be of interest to churchgoers in view of the present day spiritual revival which is taking place in the Christian world. All are cordially invited to attend. The services are preceded by an organ recital of original inspirational music played by the composer-minister, Dr. Glen.

## Getting Even

IONIA, Mich. (AP)—Lawrence Niemeyer of Grand Rapids told police he was the victim of a hit-and-run deer. Niemeyer said the deer dashed from an underbrush and tried to leap over his car as he drove along the highway. The deer missed, hitting the rear of the car, and then got up from the highway and staggered into the woods. Damage to his car was estimated at \$200.

## CONFIDENT LIVING

By Norman Vincent Peale

Many people have learned how to get, but fewer have mastered the greater skill of how to give. We are getting along toward Christmas now, and one of the lessons this season teaches is the fun and joy to be derived from giving.

I once knew a man who gave \$400,000 to a hospital. Later he lost practically everything he possessed. But he received so much satisfaction from observing that hospital heal the sick and serve the poor that he said whimsically, "The only money I saved from the crash was what I had given away. And," he added, "it was the only one of my investments that really paid off."

In these days when charity, or the act of giving, is largely taken over by government, one of the forms of freedom we need to assert is the privilege of giving directly to some one in need. The government takes care of the poor, the aged, the infirm, and charges us with taxes to finance the job. This may be the most systematic way to aid the unfortunate, but it does tend to deprive the individual of one of the most joyful of all experiences, that of personally exercising charity.

There is quite a difference between directly helping someone with the outgoing expression of affection which the act implies, and having the gift bestowed by some bureau which makes out voluminous reports with statistical exactness. Needy folks are not statistics—they are people; and one cannot get nearly so much joy out of socialized benevolence, however expert, as when he grasps a hand and looks friendly-ly into appreciative eyes.

So at Christmas give yourself the joy of doing something for someone who really needs helping, and do it personally. It may lead you into one of the most creative and satisfying experiences of your life.

Years ago I joined in a Yuletide enterprise of giving a Christmas dinner and gifts for all to a large number of rather destitute families. Social workers supplied the names and assembled the facts as to income, job, age, number of children, amount of state aid, et cetera. The baskets were packed on the basis of these statistics, and slid down a kind of assembly line to be sent out with crisp efficiency in delivery trucks. It was all very businesslike and highly efficient. And while it was all motivated by genuine social concern, it seemed decidedly impersonal.

The work had been finished and everyone had gone except myself. I was about to leave when the telephone rang and a woman's shy voice, in rather an embarrassed manner, stated that her basket had not been delivered. She said she was telephoning only because her three little children would be so disappointed.

I found the basket, which through error still remained undelivered. Since there was no other way to get it to the family, I put it in my car and drove to the address given, which proved to be a decrepit shack situated up an alley. The family of five was cramped into two rooms. I was impressed at once by the mother, for the unmistakable dignity of a real lady was upon her. She seemed to rise above her shabby surroundings by a definite force of character and personality.

That she was overworked was evident, and the reason was quickly apparent. Sprawled on a couch in the corner lay the young husband. To my questioning look, she nodded.

"Yes, he is drunk. He can't seem to let it alone. He is so discouraged and defeated. But he is better than he looks," she defended him stoutly.

## TODAY'S SPORT PARADE

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U. S. Pat. Off.

NEW YORK —Howard Hopalong Cassidy, Ohio State's griddier of the year, stowed the Heisman award in a well-filled trophy case today without committing himself between a future football or baseball career but you can bet the Detroit Lions will get him.

"Howard," as his petite wife Betty refers to him, is some pumpkins as a baseball player as well as being the hottest football transporter in recent years. Protecting his eligibility, he professes indecision.

BUT ALL HIS THOUGHTS and his thrills are of football.

"I wanted to play football, and for Ohio State, ever since I was a high school kid in Columbus and used to sneak over the wall," explained the broad-shouldered, bent nosed young man with the auburn hair.

Thus it was, he explains, that his biggest thrill — in a career which included a Rose Bowl appearance — was his first game for Ohio State.

"I was only third string but I got into the game and I scored three touchdowns," says Howard, who gained the "Hopalong" nickname when a certain cowboy was making personal appearances in Columbus about the time Cassidy was hurdlng rival high school lines.

IT IS WORTHY of note that Cassidy, in the semi-final game of a 37-touchdown collegiate career, scored three touchdowns against Iowa recently.

"I played pretty good baseball last season for Ohio State," he admitted under urging. "I was hitting .460 for awhile but then I went into a slump and wound up at only .327."

A right-handed long ball hitter, Cassidy led the Buckeyes in home runs and extra bases. He disclosed that baseball scouts have been after him but "none of them asked me to sign on the dotted line."

"If I went into pro football," he said with a broad smile, "naturally I'd like to play on offense under the two-pleat-on pro system. But I really enjoyed playing both ways in college."

THE SON of an interior decorator, Cassidy is an inspiration to high school players who may have their doubts about being college material.

"I only weighed 150 pounds in high school and I wasn't much heavier when I reported at Ohio State," he said. "Of course, I told the coach I weighed more, but I couldn't have been over 156."

"But I'd like to tell all the kids this: If they're interested in playing college football, there is only one guy who can beat them. That's themselves. If they have the desire, they can make it, and make it anywhere they want to."

CASSIDY TOOK his "lumps." He suffered a broken nose twice, a separation of each shoulder and a bad knee.

"But it's been well worth it," grinned the 177-pound 21-year-old with the tapering hips and slender legs. "I guess you'd say I'm proof that anybody who wants anything bad enough can always get it."

A fine boy, this Cassidy. You can take that from his proud coach Woody Hayes. And from the number of awards he's getting, the rest of the country is in total agreement.

## Volleyball Loop Starts Activity

The City Volleyball League played its opening games Wednesday night at the High School gymnasium, and in each of the eight games, the same four teams defeated their opponents two games.

The results, with the winners standing at two games up, are as follows: Blue Sox over Old Men; Desert Sun over Youth Center; Tigers over Faculty, and Jaycees over White Sox.

The next league play will be held Wednesday at the High School gym, starting at 7:30 p.m.

# Thunderbird Hosts Invitational

## State's Best Amateurs to Meet Here

Full Week of Golf Scheduled Starting Monday Morning

Pairings for the Sixth Annual Thunderbird Amateur Invitational Tournament, starting Monday and continuing in three divisions through Saturday, were released in part today by Jimmy Hines, Thunderbird's professional.

The first section to play will be a 54-hole championship for golfers with a handicap of more than eight. The 18 foursomes listed below, and a foursome of later entry, will play 18 holes a day Monday, Tuesday, and Wednesday.

THURSDAY, the Senior Golfers will play an 18-hole championship. There will be four classes according to age: 55-59; 60-64; 65-69, and 70-years and older.

Pairings have not yet been completed for the last group, those amateurs with handicaps of eight and less. Many of the amateurs competing in the last group represent the finest amateur golfing in the world.

Throughout the tournament, that is, in each class, hosts will award prizes and generally be in charge of their divisions.

THE FIRST THREE-DAY group will be hosted by Desi Arnaz, George Barrett and Harrison Fisher. The Seniors' host will be Ralph Singer, and the low-handicappers will be hosted by Dick Guelich, Bill Worthing, and Paul Prom.

Members of the Thunderbird golf shop staff under Hines who will be instrumental in keeping the tournament flowing smoothly include Eddie Susalla, Bill Atkins, Mike Portik, George Splain, George nad Bob Thomas, Bob Cross, Helen Detweiler, Hank Roman, and Ernie Bacca.

Hines' secretarial staff, Pat Jackson and Millie Rose, arrange accommodations for the players, and aid starter Roy Sanders in keeping the action moving.

PAIRINGS FOR the first four days of the seven-day match are as follows. The final group's pairings will be announced later.

SAM JONES aims and fires (at basket out of picture) during the last few minutes of fast action in last night's Palm Springs-Riverside tussle here as high-scorer Charley Jordan, third from right, awaits the possibility of a rebound shot. Jordan maintained his tally

streak with 26 points bucketed last night. Jones proved he carries his own weight on team play during the fast second half, though he scored but six points. Unidentified Riverside players are from junior varsity team.

## Jordan Buckets 26 Points, Paces Indians' Victory

Charley Jordan, mainstay of Palm Springs High School's basketball squad, kept up his pleasant habit of scoring lots of points to lead the Indians in a 54-38 victory over Riverside High School's junior varsity here last night.

Jordan's 26 points last night, just twice as many as his next-best teammate's record (Mickey Pelham hit 13 points) can not be attributed solely to his height, 6 foot, 2. He is a smooth, fast-thinking athlete, and quick to take advantage of the opportunities set up by his mates.

RALPH WATT, coach of the local five, never saw his team in trouble, but he felt the team could have made an even better showing than they did. With the Indians on the sunny side of a 23-14 half-time score, Watt told his boys to go, and for 15 minutes, they refused to click.

But when he started sending in fresh subs to spell the tired regulars, one at a time, the points started climbing, and in a frenzied last three minutes, the local lads tallied almost with each attempt.

Pellum, Vic Reyes, Sam Jones, and O. B. Crawford, the rest of the starting lineup, proved to be Watt's most potent force, in spite of their apparent fatigue.

THOUGH COMPETITION could have been more stiff, the Indians had an opportunity to work out the kinks which made them slow starters on the gridiron.

Riverside's regulars, Plies, Muller, Chamberlain, Swain, and Determan, showed much promise as future varsity hopefuls, and in many cases, seemed to stand up to the superior team. They need a few miles before they can become a threat to the Indians, who may possibly wind up their season leading the Riverside County League.

Regular league play starts in about three weeks, and Jordan will have to work hard to maintain his 25-points-per-game average. He can do it if his fellows help him as they did last night.

Smith (12), J. H. Ballinger (13), Ivan Wells (14).  
10:04 — L. E. Manseau (16), Tom Dunphy (18), Dr. E. A. Pettit (16), Dr. C. L. Corman (16).  
10:12 — R. M. Singer (18), C. J. Dixon (16), Joe Froggatt Jr. (18), L. E. Owens (17).  
10:20 — Max Wyman (18), D. C. Hammond (18), W. I. Buffington (15), Ralph Lewis (15).  
10:28 — Chase Garfield (17), George Holstein (17), Reuben H. Fleet (18), J. R. Townsend (18).  
10:36 — S. L. Savidge (21), H. J. Bligh (23), Norm Waters (24).

## MODERN GOLF

By DALE ANDREASON  
Golf Instructor at El Mirador Hotel

Learn to use your body correctly in swinging the golf club and you will not have to think about keeping your eye on the ball—or your head down.

Let me explain:  
If a golfer takes the club back correctly with the left shoulder by concentrating on the shoulder winding and keeping the left heel down, he sets up a stretch in the left side of the body from his left hand to the left heel. To get the full use of this stretching action, he must concentrate on starting the down swing with the left hip and then pulling out with the left arm.

If you practice this without a club you can pick up the action much faster. With the hips unwinding and the left arm pulling out, you will observe that your head is being pulled down toward the ball. If you tried to lift your head from this position, you would fall over backwards.

This action is used on all full swings, regardless of the club used.  
This is a wonderful stretching exercise for the body as well as a prime requisite for a good golf swing.

## Miracle Says Robinson After Quick KO of Olson

CHICAGO —Sugar Ray Robinson, still amazed and delighted at the quick knockout over Carl Bobo Olson that made him the first midweight ever to win the world championship three times, said today, "It seems almost like a miracle."

He added, "I'm a Christian. I did the very best I could and left the rest to God."

At 35, he scored the most glorious victory of his long career Friday night on an upset knockout over 27-year-old Olson at 2:51 of the second round before 12,441 wildly yelling fans in Chicago Stadium and recaptured the 160-pound crown for the second time.

His second thwarting of the ancient ring axiom: "They never come back," was achieved at the very hour when life seemed darkest for him.

Shortly before the fight, he was tagged with an \$87,000 federal tax lien, and Chicago newspapers were front-paging the gangland slaying of his former business associate, Alex Louis Greenberg.

Robinson and Joe Louis a few years ago had the Detroit distri-

buting rights for Greenberg's brewing company.

The slender Negro with the little mustache went into the ring a 3-1 underdog because most experts and betting men thought "his legs were gone" and that he could not go 15 rounds in the nationally televised and broadcast fight against the aggressive Hawaiian-born Bobo from San Francisco.

## Chico Vejar Rules Solid 2-1 Choice

BOSTON —Veteran Chico Vejar, TV's popular battler ruled a solid 2-1 choice over scrappy Bobby Murphy of Boston in their scheduled 10-round feature bout to night at Boston Garden.

Although bombed by former welterweight champ Tony De Marco in the first round of their September match, Vejar still rated the favorite's role merely off his ring experience.

The Stamford, Conn., drama student has some 67 fights behind him while the young, hard-hitting Murphy only 14 professional appearances—all victories.

## City Cagers to Start Play on Monday

Double-Header Scheduled at High School Gymnasium

The 1955-56 City Basketball League season will start Monday with a double-header, the first starting at 7:30 p.m., and the second following an hour later, at the High School gymnasium.

The teams scheduled for Monday night are the Green Hornets playing against Buresh's Shell Station, at 7:30, and Hinkle Johnson against Indio.

There will be a double header one night each week. Since there is a volleyball league playing their games at the same court once a week, the Basketball League has been limited to four-team membership so each team can play once a week.

The City Recreation Department has contracted for the High School gym's use for two nights a week during this season. Howard Haddock, City Recreation Director, said he entertains hopes of arranging for three nights of play at the gym next season. Haddock said eight teams could be in the league if he is able to arrange for the three-night use.

## Knox May Miss Rose Bowl Game

LOS ANGELES —Ronnie Knox hurt his broken right foot in a fall at his Malibu home Thursday night and has seriously imperiled his chances of appearing with UCLA in the Rose Bowl game against Michigan State College January 2 at Pasadena, it was disclosed today.

Knox, a tailback whose passing, punting and defensive talents helped carry the Bruins to several Pacific Coast Conference wins this season, tripped and crashed with his crutches.

He was carrying a trophy emblematic of his winning the Bruin Rookie of the Year Award with Center Jim Matheny. The trophy broke. His ankle took on an added swelling.

UCLA began 16 days of practice today for the Rose Bowl game.

Coach Henry Red Sanders ordered a double drill, the morning session being devoted to fundamentals and individual work and the two-hour afternoon session to a drill on defense against Michigan State formations.

UCLA will drill five days weekly for the next three weeks.

## Ranch Club Net Play into Finals

The Ranch Club's Inaugural Tennis Invitational Tournament went into its final rounds at noon today after being rained out last Sunday following the semi-final eliminations played Saturday.

## Rams Go Into Electronics to Help Confuse Packers

LOS ANGELES —The Los Angeles Rams will employ an electronic gadget to map strategy from the press box to the bench in tomorrow's National Football League game in Memorial Coliseum against the Green Bay Packers.

Coach Sid Gillman and his assistants will commune during the game by electronics instead of by written diagrams delivered by messengers. The new system is faster and more graphic, they said.

Backfield coach Jack Faulkner, the Ram telephone quarterback, will be stationed in the press box near the top of the coliseum and will diagram plays on an instrument called the telantograph tele-scriber.

While Faulkner is marking the plays, they will be visible to Gillman on the Ram bench.

The President and Congress can designate holidays only for the District of Columbia and federal employees. There are no national holidays in the United States.

## MOVADO

takes to water like the  
ILE DE FRANCE

The recent journey of a standard, self-winding Movado water-resistant watch to Europe and back, continuously submerged in sea-water within the condenser system of the Ile de France, bears witness to the dependability, the durability of Movado.

After the completion of the round trip journey, continuously under water, the watch was found to be in perfect running condition, not one bit worse for its experience.

This and other Movado water-resistant watches with or without sweep second hands, in stainless steel, steel and gold or 14K gold, self-winding or manually wound, available from \$69, F.T.I.

## Agreement in Meat Cutters Strike Near

Pact Hinted to Avert Walk-Out Slated Tomorrow

LOS ANGELES — Representatives of the AFL Meatcutters Union and the Food Employers Council Inc., indicated today they may have reached agreement on a new contract which could avert a possible strike by 5,000 butchers at 3,000 Southern California markets.

It was reported at the end of yesterday's all-day meeting that negotiators apparently had reached agreement on an offer to be submitted to a vote of the union membership tomorrow. The contract expires at midnight tomorrow.

Union locals involved are 421, Los Angeles; 439, Pasadena, San Bernardino and Riverside Counties; 587, Santa Monica and the bay region; and 556, Ventura, Santa Barbara and San Luis Obispo Counties.

Terms included a wage increase of \$ a week.

The average U. S. farmer spends about \$3,000 a year for feed, seed, fertilizer, petroleum products, machinery, building materials and hardware.

## Pro-Eisenhower Slate Certain in New Hampshire

WASHINGTON — Any Republican entering the New Hampshire presidential primary next Spring likely will find competition from a pro-Eisenhower slate of delegates, informed Washington sources said today.

The sources believe a rival slate of delegates favorable to Mr. Eisenhower would be entered even if Mr. Eisenhower did not announce before the Feb. 1 filing deadline whether he will seek a second term.

The New Hampshire primary, to be held March 13, captures national interest as the first state contest for potential presidential candidates. President Eisenhower defeated the late Sen. Robert A. Taft (R-Ohio) in 1952 and went on to win the Republican nomination.

Sen. Styles Bridges (R-NH), chairman of the Senate GOP Policy Committee, said at Concord, N. H., Friday night that Mr. Eisenhower should announce before the New Hampshire filing deadline whether he will be a candidate.

On the other side of the political fence, a Democrat has postponed announcing whether he will be a presidential candidate.

Sen. Estes Kefauver (Tenn) said in San Francisco he will not announce his decision until sometime after Jan. 15. He told a news conference he originally had planned to make the announcement next Friday or Saturday, but decided to postpone the matter because of Christmas holidays, Senate hearings and other matters.

## Surplus Grain to World's Hungry Gaining Support

WASHINGTON — Rep. Clifford R. Hope (R-Kan) says he will support legislation to have this country donate some of its surplus grain to the world's hungry if the Agriculture Department does not voluntarily start such a program soon.

Hope is ranking Republican on the House Agriculture Committee and one of the most influential House members on farm matters. He said he has been disturbed that the Agriculture Department has not already used its authority to distribute surplus grain to the needy.

In a letter to a United Press reporter, Hope threw his weight behind a proposal first advanced by church leaders of all denominations. At a meeting with Secretary of Agriculture Ezra T. Benson last month, the church leaders

asked for the release of wheat, corn and rice to fight the threat of "actual starvation" in many countries abroad.

Under a law passed by Congress last year, Benson has broad discretionary power to release surplus products to relief agencies for free shipment abroad. So far, however, the Agriculture Department has released only surplus products in danger of spoiling.

Hope said the department should also release other surplus products like wheat and cotton. He said he does not understand "that there is any legal reason why such distribution should not be made."

He said he is willing to sponsor legislation to expedite grants of food to starving people abroad. He suggested that church and other private groups could handle the actual distribution.

### 'Traffic Hazard' Cited as Reason for City Protest

City of Palm Springs protested the liquor license application by William A. Johnson, for addition to his present beer and wine license at Johnson's Corner, at 596 South Indian Avenue, at a hearing yesterday before Donald D. Ainsworth of the State Board of Alcoholic Beverage Control at the city offices. Ainsworth took the results of the hearing under submission.

City Attorney Jerry Bunker presented the formal protest to Ainsworth with the argument that the lack of off-street parking facilities would create a traffic hazard at an already difficult corner.

Planning Director Hy Ranes showed the hearing officer planning maps to prove the point, and Sgt. Dale Thompson testified further.

John Weaver, business agent for Culinary Workers and Bartenders Local 535, and David Dunsen, real estate agent, testified for Johnson's character, as references.

Bunker said the decision will probably be handed down within a month.

### Southland to Have Pleasant Weekend

By UNITED PRESS  
A generally pleasant weekend is predicted by the Weather Bureau for Southern Californians.

Skies will be mostly sunny today and tomorrow, with low clouds and fog during the night over the coastal regions but clearing during the day, the weatherman said.

No rain is expected for at least five days. Temperatures are expected to rise slightly today and tomorrow.

## Sales Tax Income Received by City Shows Increase

Sales tax receipts recorded by the City of Palm Springs during November continued to show a substantial increase, Shelby Langford, director of finance, reported.

Receipts last month were \$18,123, an increase of almost \$5,000 over the 1954 monthly mark of \$13,287.

This is the fifth consecutive month of the new fiscal year that receipts have shown an increase over the monthly totals of 1954.

The total collected for the first five months of this fiscal year is \$65,509, compared to \$46,170 a year ago.

The total amount collected by the city since the sales tax was placed into effect in May of 1947 is \$1,204,085, Langford said.

Receipts for November are on a cash basis and reflect taxable sales which occurred in previous months and quarters, he added.

## Navy Calls Off Hunt for Seven

HONOLULU — The Navy has called off an unsuccessful search for seven fliers missing in the crash of their P2V Neptune patrol bomber.

The Navy abandoned hope of finding the men yesterday and recalled two search planes which had been scanning the area west of Kauai Island.

The ill-fated patrol bomber crashed Wednesday night during low altitude maneuvers with a group of submarines. Three of the 10 crewmen were saved.

### Mutiny on Turkish Freighter Quelled

BRISTOL, England — Police quelled a mutiny aboard a Turkish freighter here yesterday after the captain had been chased ashore by a seaman with a knife.

Captain Thra Erkal of the 562-ton freighter K. Sadikoglu took a taxi to the nearest police station after being chased off the ship when the crew started fighting among themselves. A squad of police went aboard with drawn batons and after a short struggle succeeded in quelling the riot.

### Newest Car Accessory Is 'Pheasant Catcher'

BARRINGTON, R. I. — Frank B. Whittemore knew that his new car had most of the modern gadgets. But he didn't know that one of the accessories was a "pheasant catcher."

He was driving to work one morning when a pheasant crashed against his windshield.

Whittemore stopped at a market to have the bird plucked. The pheasant was served for dinner that night.

### Land Purchase Turns Out to be Gravel Mine

LANSFORD, N. D. — Lester Convis bought a quarter-section of land south of here at an auction two years ago.

He never suspected that there was gravel on the land until a search for gravel was made in the area for construction of runways, roads and other facilities at the Air Force jet interceptor base at Minot.

Now Convis is gleaming approximately \$1,000 a day from the pit.

## Flood Threat in Southland Great, Warning Today

LOS ANGELES — Southern California could suffer more damage from heavy rains than ever before, a U. S. Forest Service engineer warns.

Michael Howlett contends that millions of dollars have been expended on flood control works in recent years but that the programs "have failed to keep pace with the tremendous population growth which has spread in many areas onto normal flood plains."

Floods could be more dangerous than in 1938 when 11.06 inches of rain in five days resulted in 95 deaths and hundreds of millions of dollars in damage, he said.

Howlett, who handles Forest Service watershed management problems, said the communities of West Covina, Lakewood and Pomona have been built on normal flood plains.

### Name Stratton Trustee for Ford Foundation

NEW YORK — Henry Ford II today announced the election of Julius A. Stratton, vice president and provost of the Massachusetts Institute of Technology, as a trustee of the Ford Foundation.

Stratton, a native of Seattle, has been associated with MIT almost continuously since his graduation from the school in 1923.
